

Alicia Horton

MATHEMATICS DEPARTMENT

CLASSES TAUGHT:

Algebra 1, Honors Algebra 1,
AP Calculus AB, AP Statistics

ABOUT ME:

My name is Ms. Horton. I teach Algebra 1, Honors Algebra 1, AP Calculus AB, and AP Statistics. I graduated from Central Michigan University.

GRADING POLICY

The Math Department uses weighted grades where Homework is 30%, Quizzes are 20%, and Tests are 50% of the final grade.

HOMEWORK/LATE WORK POLICY

All notes and assignments can be found on FACTS. Assignments are due the following class period unless otherwise specified. The students generally are given time to at least start their homework in class, but are expected to complete it at home if they do not finish it before they leave class.

If a student does not submit the homework by the due date, they have one week to turn it in for partial credit.

HOW CAN A STUDENT SUCCEED IN YOUR CLASS?

A student should always ask questions when they do not understand something that we are doing in class. They can ask questions during class, they can stop by before or after school to talk to me, or they can send me an email.

BEST WAY TO CONTACT YOU/COMMUNICATE

The best way to contact me is through my email, horton@bishopfoley.org. Bishop Foley does have a voicemail system, but I will be able to respond to an email in a more timely manner compared to a voicemail message.
